

# One Night in Vegas

Deep Purple

Ooh what a night it was, the night I fell apart  
I begged a lover not to go away but she went and broke my heart  
I found myself in a Vegas bar with a whole new set of friends  
Seen through the bottom of an empty glass  
Like looking through a fisheye lens  
One night in Vegas

It was a morning of revenge for what I did the night before  
Which accompanied me to the following day to even up the score  
In a stone cold sober mood next afternoon at ten  
I found my tongue back in my mouth  
And I told myself not to drink again  
One night in Vegas

I was three sheets to the wind  
The three shots did me in  
Three angels there above me  
As I was lying on the floor  
I knew I should have run for the hills  
But I still wanted more

I don't remember the chapel but I woke up with a wife  
I looked at her, she looked at me and now we're hooked for life  
How strange the situation, it's now been thirty years  
Since I met that girl in Vegas  
And would you believe it, she's still here  
One night in Vegas  
Oh yeah I gotta tell you, one night in Vegas
