Get It

Deepfield

Dear rain, don't give up
Near as much as I do
If I could get it right the first time
I wouldn't be right here listening to you

You were the enemy when you wouldn't see your way out of this
You were the enemy when you wouldn't let it go
Go

Useless words are pretense
When it's all said and done
If you could get your head out of the sand
And pull your teeth out of my skin

You were the enemy when you wouldn't see your way out of this
You were the enemy when you wouldn't let it go
I can't feel
I can't breathe
Every time that you're around
You were the enemy when you tried to bring me down

You were the enemy when you wouldn't see your way out of this
You were the enemy when you wouldn't let it go

You were the enemy when you wouldn't see your way out of this
You were the enemy when you wouldn't let it go
I can't feel
I can't breathe
Every time that you're around
You were the enemy when you tried to bring me down
Down
Down
Down
