

I woke up this morning
I was feeling that this should end
Using all that time
And all my luck friends
I've got a bad defense
And it's not just circumstance
That put me here
In a bad, bad place where I stand
And you don't know
How easy it is
No, you don't know how easy it is
You were never there
No, never there
Out the door
With the devil in my eyes
That son of a bitch crossed me once
But he won't cross me twice
Little angel on my shoulder
Well she better be right
She got me flying like a wild man
In the middle of the night
And you don't know how easy it is
No, you don't know how easy it is
You were never there
No, never there
This whole world
And everything you see
There ain't nothing that'll keep you from
Getting to me
No, you don't know how easy it is
No, you don't know how easy it is
You got no idea how easy it is
No, you don't know how easy it is
You were never there
No, never there
Never there
You were never there
