

## Hey Doll

Deer Tick

Used to know ya perhaps too well  
All my emotions  
Were puzzle underneath your spell  
When you wrote I felt high  
In a place where there'll my pride  
Catch my breath sweet goodbyes  
Waste of all my time  
I get son down on myself  
You talk like somebody else  
But it ain't like that  
When we're part  
What happened on

I used to know ya  
All too well  
I wouldn't control ya  
You wouldn't take it so well  
When you speak I'm numb  
The feeling oh so dumb  
Say goodbye I say hey  
Baby whatcha do today  
I get so down on myself  
You act like somebody else  
Ad now I'm too set to turn the radio on  
I'm so down on myself  
You talk like somebody else  
But it ain't like that  
When we're apart  
No it ain't like that when we're apart  
No it ain't like that when we're apart
