

Hey Doll

Deer Tick

Used to know ya perhaps too well
All my emotions
Were puzzle underneath your spell
When you wrote I felt high
In a place where there'll my pride
Catch my breath sweet goodbyes
Waste of all my time
I get son down on myself
You talk like somebody else
But it ain't like that
When we're part
What happened on

I used to know ya
All too well
I wouldn't control ya
You wouldn't take it so well
When you speak I'm numb
The feeling oh so dumb
Say goodbye I say hey
Baby whatcha do today
I get so down on myself
You act like somebody else
Ad now I'm too set to turn the radio on
I'm so down on myself
You talk like somebody else
But it ain't like that
When we're apart
No it ain't like that when we're apart
No it ain't like that when we're apart
