

Make Believe

Deer Tick

I saw you dancing through the window
Saw you dancing to the band and it's me
I saw you messing around with an old friend
You said you didn't even see

Saw you walk on through the doorway
Saw you walking hand in hand
Saw him touching you the way lovers do
And now it won't happen again

Well, you, I think you know what I mean
That I'm not gonna stand around and play make believe

Darling, if you love me tell me baby
Was it I the one in your world who took everything that was upside down
And put it right side up for you?

When you close that door behind you
I'll carry on feeling no regrets
I'll carry the image of you and all you put me through
I'm not gonna get it out of my head

Well you I think you know what I mean
That I am not gonna stand around and play make believe
Well you I think you know what I mean
That I am not gonna stay around and play make believe
