

## Dream Captain

Deerhunter

Dream captain take me on your ship  
I've been feeling like I'm gonna be sick  
I've been landlocked for too many weeks  
I've been feeling like I'm weak, yeah

I'm a poor boy from a poor family  
There's nobody left to take care of me, so

Dream captain take me on your ship  
Dream captain take me if you wish  
I'll do anything that you need  
There's nothing that's left of me

I'm a poor boy from a poor family  
I can see where I come from easily  
I don't need anybody to tell me what I'm worth  
I've already been giving up from my birth

Could you be, for me, what I see in you  
Or would you give me wings so I could fly, fly, or sink and die  
please!

Dream captain take me on your ship  
If you feel that I am fit  
To belong in the company grip  
I want to be on the company ship

I'm a poor boy from a poor family  
I ain't got nobody left to take care of me  
I can't feel any of my extremities  
They're going numb  
and I don't know how long I can breathe

Dream captain take me on your ship  
It's my only, my only wish  
I can do whatever you command  
I'm a boy, man  
and you're a man, man

I'm a poor boy from a poor family  
I ain't got nobody left to take care of me  
I'm a poor boy, I'm so dirty  
I'm a poor boy, well look into my eyes, look into my eyes...
