## Deerhunter

Operation, cover your ears  
You're not gonna like what you're gonna hear

I hate you, I hate you  
I hate you, I hate you

Operation, you're not here  
You can't love what you can't like

What you fear, what you fear  
What you fear, what you fear

Operation, cover your eyes  
I don't wanna see you, I don't wanna feel you

Not near me, not near me  
Not near me, not near me

Operate, operate  
Operate, operate  
Operation, operation  
Operation, operation

Operation, cover your ears  
You're not gonna like what you're gonna hear

I hate you, I hate you  
I hate you, I hate you

Operation, you're not here  
You can't love what you can't like

What you fear, what you fear  
What you fear, what you fear

Oh  
How did you know  
It was so easy  
To destroy her

Oh  
How did you know  
It was so easy  
To destroy her

Operation, cover your eyes  
I don't wanna see you, I don't wanna feel you

Not near me, not near me  
Not near me, not near me

Operation, cover your ears  
You're not gonna like what you're gonna hear

I hate you, I hate you  
I hate you, I hate you  
I hate you, I hate you

I hate you, I hate you  
I hate you, I hate you  
I hate you, I hate you  
I hate you
