

## Spring Hall Convert

Deerhunter

So I woke up in a radio freeze  
Occupied by a  
Couple of girls I knew from  
Way back when where

Oh, I had my face like the ocean  
So I'd radiate but  
Too much radiation  
I walk around like a walker

Always choosing where to go  
And where to be  
Oh, radiation  
Oh, radiation

Oh, so long  
Oh, so long, so long

So long loneliness, so long loneliness  
So long loneliness, so long, so long

So long, yeah, so long, yeah  
So long, yeah, so long

So far from home, so far from home  
So far from home, so far from home
