

I've looked  
I've seen, I've seen  
I've looked  
I will always see, I've seen

For the miracles  
Of youth  
I've looked  
I will always see, I've seen

When friends go  
Away for a while  
They always  
Come back

But now if friends  
Go away for a while  
Then they  
Never come back
