

## Truth?

Def Leppard

I've been burning  
And dousing the flames  
I feel the whiplash  
Of the backlash on my face  
I melt to sleep at night  
But I wake to trip the day

Never for you never for me  
Would I kiss your feet of clay  
I'm still alive and so should I  
Soak up the wave of compromise

Am I the victim of youth  
Is this the truthh  
Why don't you tell me  
Why don't you tell me

There's no conscience  
In charity or shame  
The voice deceive me  
But believe me its the same  
I see the black in white  
And the colour in the gray

Better for me better for you  
Gonna bleach it all away  
I'm still alive and so should I  
Soak up the wave of compromise

I see the scars, I hear the lies  
So what's the truth  
Why don't you tell me
