

# You Got Me Runnin'

Def Leppard

Hang on  
Yeah  
Ha ha ha ha ha  
I don't care too much  
For your backstabbin' and side steppin'  
You're all sweet talk, you're all lust  
You're the kind, yeah, I don't trust  
I gotta get out, step aside  
Before you damage my pride

Let me through don't spoil my view  
I gotta get away, away from you  
Oh no no never thought I'd feel so low

You got me runnin'  
You got me runnin'  
I ain't gonna hide

And yesterday everything seemed okay  
Yeah you better run and hide away  
Oh you better hide

You're out, out on the street  
But I'm back on my feet  
I might lose it, so get wise  
Stop your usin' and your lies  
Oh my friend don't stick around  
Your time is up, the chips are down

[Repeat Bridge]

[Repeat Chorus]

And yesterday everything seemed okay  
Yeah you better run and hide away  
Oh you better hide  
You got me runnin' - You got me runnin'  
You got me runnin' - You got me runnin'  
You got me runnin' - You got me runnin'  
You got me runnin', runnin', runnin'

C'mon  
Whoah  
Oh oh oh  
Oh yeah  
Runnin' and runnin'  
Runnin'  
Oh  
Watch me run  
Runnin', runnin', runnin'

Oh no no never thought I'd feel so low  
You got me runnin'  
You got me runnin'  
I ain't gonna hide

And yesterday everything seemed okay

Yeah you better run and hide away  
Oh you better hide

You got me runnin' - You got me runnin'  
You got me runnin' - You got me runnin'  
You got me runnin' - You got me runnin'

You got me runnin' - You got me runnin'  
You got me runnin' - You got me runnin'  
You can't say no no more  
You got me runnin' - You got me runnin'  
You got me runnin' - You got me runnin'
