

# All Over Me

Default

I'm sure there must have been a time,  
When you did not consume my mind,  
But I still swear, I don't remember,

To see I'm not in all that deep,  
Through everything I know to keep from being,  
Ready to surrender,

I see it's too late now  
There's something in the way  
And I don't know how  
I can hear the reaper callin'  
This boy's already fallen

(chorus)

All I want is you all over me  
All I need is you all over me  
I heard you say if you left I'd be okay  
All I want is you all over me

Look at me I'm actin' like  
Some pathetic little child who's dying  
For your attention  
I feel my legs but I can't run  
Pretty soon I will become the victim  
Of my own invention

And I can hear it now  
There is nothing left to say  
Such a desperate sound  
Hasn't there been enough killing?  
Maybe it's my blood that's spilling

All I want is you all over me  
All I need is you all over me  
I heard you say if you left I'd be okay  
All I want is you all over me

All I want is you all over me  
All I need is you all over me  
I heard you say if you left I'd be okay  
All I want is you all over me

All I want is you all over me  
All I need is you all over me  
I heard you say if you left I'd be okay  
All I want is you all over me
