

Fascination

Default

Caught up in silence-
Denying your conscience
Afraid to give up yourself
You live in your own world
Keeping your distance
We all have a story to tell
Maybe it's time you give it to me

Chorus:

You've got something inside
What ya tryin' to hide?
Let me in your isolation
You've got something to show
Close your eyes and let go
Let me in your fascination

The reason you're faking-
The road that you're taking
You swore you'd never go down again
If there's no one to trust in
Then all is for nothing
Can you live with that till the end?
Maybe it's time I give up on you

Chorus

I have tried so long to make you feel like you have a home
But I want you to know that you don't have to go through this a
lone
Open your soul- you need to let go
I only wanna show you what you've never known

Chorus
