

I Can't Win

Default

Please don't talk about it just leave it alone
What you need is too much for me you can't squeeze blood from s
tone but there you go

I can't win with or without you I don't know why, I don't know
why
I can't win with or without you but still I tried, still I trie
d

What were you before me how was I to know
When you take you always break
And I wont give no more
So there you go

I can't win with or without you
I don't know why, I don't know why
I can't win with or without you but still I tried, still I trie
d

Maybe I'm wrong, maybe I'm way out of line. I lie to myself all
the time. I should have been gone, so long
Ago. would anyone else have known.

I can't win with or without you
I don't know why, I don't know why
I can't win with or without you but still I tried, still I

I can't win with or without you don't know why, I don't know w
hy
I can't win with or without you but still I tried, still I trie
