

## Dead Set

Defeater

I've got this hope in my chest  
I'll see one more sunrise  
I've got my brother's good luck  
Around my neck every night

I've got this song in my head  
It's got me thinking of him  
My hear is heavy with guilt  
It's got my blood running thin

We hold fast, dead set  
Hold fast, dead set  
The only friends I count as mine

We hold fast, dead set  
Hold fast, dead set  
Are those who'd die to save your life

I've got this burning in my gut  
I've got these words that I write  
So if I don't make it home

They'll know they were always on my mind (4x)

We hold fast, dead set  
Hold fast, dead set  
The only friends I count as mine

We hold fast, dead set  
Hold fast, dead set  
Are those who'd die to save your life

We hold fast, dead set  
Hold fast, dead set
