```
Lost, out of control
Nowhere to run - terra firma !
Losing all time of living in this world
No chance, gone insane
We're living in a dead man's world
Time, seems to fade away
Further everyday - terra firma !
Losing all time of living in this world
No chance, gone insane
We're living in a dead man's world
Eyes to eyes
In a battle of lost control
Lead our world
Knowing that the bomb is going to blow
Feel the world come to mend
Images - ill repent - violent remedy
Feel the world come to end
Violent remedy !
Mass confusion
Dying are the people that lost their soul
Dying for the people of minds of stone
They rot - they rot
Dying are the people that lost their soul - the blood
Dying for the people of minds of stone - the blood
Feel the world come to mend
Images - ill repent - violent remedy
Feel the world come to end
Violent remedy !
Eyes to eyes
In a battle of lost control
Lead our world
Knowing that the bomb is going to blow
Lost, out of control
Nowhere to run - terra firma !
Losing all time of living in this world
No chance, gone insane
```
