

Entering My Yesterdays

Defleshed

Entering my yesterdays
Travel through timespace
In order to escape from today

Run from misery & hate
I can hardly wait
in my past I will always stay

I will always stay...

Despise tomorrow
which brings me sorrow
I wish to turn back the years and the tears

Entering my yesterdays
Turning back the time
my peace i want to find

Entering my yesterdays
Would you be so kind
to leave me with my mind

Despise tomorrow
which brings me sorrow
I should have said this yesterday, well anyway...
