

Metallic Warlust

Defleshed

This is the end of a peaceful season
Violence has risen without reason

Metallic warlust
Metallic whorelust

Beauty is no more,
Loving has turned to war
We are here to score

Metallic warlust
Metallic whorelust

It's the dawn of loving age
Controlled by enormous rage
It's the dawn of a loving age

Metallic warlust

No laws, no compromising
As our metalattack is rising

Beauty is no more,
Loving has turned to war
We are here to score!
