

Doomed User

Deftones

There
Bring your time
Say goodbye
Now leave here
My fuse has expired
Fucking die
Just leave him
Powerless
Stuck in your web of shame
Open your eyes
You only play yourself
Whoever's watching
I hope they catch the dream
Collect your crown
You're now the queen of him

There
That's your life
Go and retire or leave here
Loose and defiled
You define the need in
Their delusion
Don't deny it
Don't make this out to be something about you

I've been scarred
Fucking repulsed by this
My only tale is one that i can't stand
Now I become tore
I rot and wilt
My heart is black
And i will never fail

There
Say goodbye
Just retire the needle
Used!
Been exiled!
Take your body elsewhere
Their delusion
Don't deny it
Don't make this out to be something about you
Go waste your breath somewhere to someone new

Your castle is burning down on you
Your kingdom is burning down..

Their delusion
Don't deny it
Don't make this out to be a thing about you
Their delusion
Don't deny it
Don't make this out to be a thing about you
Go waste your breath somewhere to someone new
