

# Hole in the Earth

Deftones

Can you explain to me how  
You're so able? (how)  
It's too late for me now  
There's a hole in the earth (a hole in the earth), I'm out

There's a hole in the earth (a hole in the earth), I'm out

Can you explain to me now  
If you're still able (whilst)  
I think you know the truth  
There's a hole in the earth (hole in the earth), I'm out

I hate all of my friends  
They all take our time  
There's a hole in the earth, I'm out  
There's a hole in the earth, please take a bow

This is the end  
Somewhere  
This is the end  
Somewhere

There's a hole in the earth  
There's a hole in the earth

I hate all of my friends (I'm out)  
There's a hole in the earth  
I'm away somewhere
