Mein

Deftones

I've looked outside
But I've never wandered out

I'd like to pull you into me
Intercept you, in between
But I will never walk without, outside

That way, I'll always stay away from you (2x)

I've looked inside
But I never wandered in

I'd like to pull you into me
Intercept you, in between
But I will never wander in, inside

That way, I'll always stay away from you (2x)

Universe, Breaking us down

That way, I'll always stay away from you
That way, I'll always stay away from you (3x)
You, you, you, you....

Universe, Breaking us down (3x)
