

# Prayers/Triangles

Deftones

There's a new strange  
Godless demon awake, inside me  
There's a force divine  
Terrorizing the angels I keep  
While we dream

Prayers! (Prayers!)  
Lay on the line (Lay on the line)  
You'll never be free  
You'll never be free  
(Free, free, free)

I'm a true slave  
To the fire and the air around you  
While this curse divine  
It's slowly rotting away, inside me  
While we dream

Prayers! (Prayers!)  
Lay on the line (Lay on the line)  
You'll never be free  
You'll never be free  
(Free, free, free)  
Triangles! (Triangles!)  
Placed in your mind (Placed in your mind)  
You'll never be free  
You'll never be free

Beware [x4]

I will never walk this street again!  
The only time I feel I'm not alone!  
I pull my heart out, I wave it in the air

Prayers! (Prayers!)  
Laid on the line (Lay on the line)  
You'll never be free  
You'll never be free  
(Free, free, free)  
Triangles! (Triangles!)  
Placed in your mind (Placed in your mind)  
You'll never be free  
You'll never be free
