Hell has broken lose, it's gone out of control Worst pain that exists, my body and soul will die FIRE BURN FIRE DIE My selfcontrol is gone, living in fear Darkness is falling, I am being burned Because I can't stand this pain I'm being burned God you put me here through pain and misery It's the work of evil, It's the work of hell FIRE BURN FIRE My selfcontrol is gone, living in fear Darkness is falling, I am being burned Because I can't stand this pain I'm being burned FIRE BURN FIRE DIE My selfcontrol is gone, living in fear Darkness is falling, I am being burned Because I can't stand this pain I'm being burned

All I have left is pain
The agony that has been caused by you is nothing compared to the fire
Hate me, hate me, hate me
I'm being burned
