

# Take Control

Degradead

No one, will push me down  
I am invincible, word goes around

Now I'm in charge again  
Distant memories, they fade away

Slay your sorrows  
And, take control

Destroy the horrors  
And, take control

I am proud

Being fed, with all your bullshit  
Sanctuary's near, joyful days must come

Hoping, for eternal joy  
All the leaves, they must fall at once

Slay your sorrows  
And, take control

Destroy the horrors  
And, take control

I am proud

Do I live in a dream  
It all makes me wanna scream  
Get out

Slay your sorrows  
And, take control

Destroy the horrors  
And, take control

I am proud

Slay your sorrows  
And, take control

Destroy the horrors  
And, take control

I am proud
