

Beyond Salvation

Deicide

The blood of christ quenches my thirst
heavenly led cast to the dead
If you believe the illusion
Died for your sins dissention begins
The powers of christ will repel you
Masses deceived fall to temptation
Thorns on your head welcome
Welcome to your death

We're beyond salvation
below the reach of god
The end of all religion
To fight the war as one
Blasphemy engaging in war
Rapture the whore

we're beyond salvation
Bellow the reach of god
Invert the false messiah and desecrate the son
Deny the CROSS, infect his cause

Stoped and i stare stones in the air
A witness to ypur execution
no one repents as they're watching you die
Death to the kingdome of heaven
