

Empowered by Blasphemy

Deicide

Reaping dispel, commence to kill, nothing can stop what you call
is god's will
Breathe in the ill, let upon earth, serpents of satan from fire
return
Killing the lambs, rites unperformed, rivers run red with the blood
of their lord
Pleading of prays, cling to the dead, bring back the christ to
be slaughtered again
Empowered by blasphemy, raise the gates of hell
End of time upon the earth, your lord of lords befell
Caught up in death, back to the blade, christians destroyed and
devoured in rage
Born of the devil, soulless insane, spit from the fire to feast
on the saved
Behind the light, thorn of the blessed, never to bow before god
to confess
Heathen to some, shadowing fiend, appointed by satan to crush his
mistake
Empowered by blasphemy, raise the gates of hell
End of time upon the earth, your lord of lords befell
Bleed this world of christian blood, revelation dead
Awaken from your prophecy and tear them all to shreds
Turn the cheek and drink his blood, suffer in defeat
Fall from grace and beg before your mortal enemies
Tear out your heart, i will never pray,
Fucked and forgave, don't believe what you say
Where's your god
Liar! He is dead
Liar! Blasphemy
Liar! Heaven sent
Liar! Prey unto god, fool you to death
Tear out your heart, i will never pray,
Fucked and forgave, don't believe what you say
Where's your god
Liar! He is dead
Liar! Blasphemy
Liar! Heaven sent
Liar! Prey unto god, fool you to death
