Once upon the cross

Fear him, fear him, fear him... Satan

Nazarene in the valley of persuasion To receive last temptations from Lord Satan "Take a bite" said the serpent "eat of it" Without no choice to do so, you cannot resist

Impaled crucifixion Compassion forgot Eternal damnation Once upon a cross

Blasphemy laughs at thee
Jesus you've been deceived
Struggling on the cross
Gagging to breathe
Despite your god, question why
You were retrieved by the angel of light

Kill him, kill him, kill him... Satan

Nazarene screaming on his crucifixion Prophecy in its final contradiction When you die is when the lie will be believed Upon the cross, before the world to see
