

Into Chaos

Deine Lakaïen

Silence, warming silence
Silence, the work is done, silence

Closed the file, he had put straight in order
Stretched his back, and a clap on his folder
What a wonderful day for a walk in a...
What a wonderful day for a fall into...

Nowhere, for all of us, which means
No loss, for all of us into
Nowhere, for all of us into
Chaos, chaos, chaos, chaos...

Silence, cooling silence
Silence, no work is done, silence

Forget of the reminder of his lesson
On his head with a tired glance and search for
Such a wonderful day for a walk in a...
Such a wonderful day for a fall into...

Nowhere, for all of us, which means
No loss, for all of us into
Nowhere, for all of us into
Chaos, chaos, chaos, chaos...

Silence, frozen silence
Silence, all are gone, silence

Folded up the blankets on the pavement
Tried to straighten his knees in torments
What a wonderful day for a walk in a...
What a wonderful day for a fall into...

Nowhere, for all of us, which means
No loss, for all of us into
Nowhere, for all of us into
Chaos, chaos, chaos, chaos...
