Too many doors here, too many doors here,
Too many doors here, let's get the right one
Too many doors here, too many doors here
Within a second into the open air

Too many doors here, too many doors here
Too many doors here, let's get the right one
Too many doors here, too many doors here
Within a second into the open air

The one that tango within a second
The one that opens within a second
Within a second, within a second
Have to get out of, out of my dungeon

Can't settle, can't rise up
The weight of my anguish
Can't move on, help back I
No load of my anguish

Can't get it out of
Can't get it out of, out of my head
Embrace my soul
Can't get it out of, the fist of stone
Can't get it out of, holding me down
Can't get it out of, --?--
Can't get it out of, I'm stucked now
Can't get you out of my companion
Out of my soul
Don't leave me alone

I have to run away, I have to run away
I have to run away, they're casting probes at me
I have to run away, I have to run away
They try to pull me back
The noose is around my neck

I have to run away, I have to run away
I have to run away, they're casting probes at me
I have to run away, I have to run away
They try to pull me back
The noose is around my neck

The one that tangos into the void
The one that opens out of reach
They try to pull me back
I have to run away
They try to pull me back
The noose is around my neck

I am losing my balance
I am stumbling, I am falling
I am stumbling, I am falling
I am falling, I am falling

Can't get it out of
Can't get it out of, out of my head

Embrace my soul
Can't get it out of, the fist of stone
Can't get it out of, holding me down
Can't get it out of, --?--
Can't get it out of, I'm stucked now
Can't get you out of my companion
Out of my soul
Don't leave me alone!
