

On The Way To Narmada

Deine Lakaien

How often did you ask
How long this pain would last
Get up here is your chance
There will be no future
There will be no past
Join in our dance

Forget who you are
Forget where you've been
Join in our dance
Forget who you are
Forget where you've been
Join in our dance

Call it detention
Call it suicide
Get up for our last dance
Call it detention
Call it suicide
Get up for our last dance

The shadows of firn
Grasp split my heart
Closer to the end
The fire shine red
The fire shine bright
Closer to the end

Forget who you are
Forget where you've been
Join in our dance
Forget who you are
Forget where you've been
Join in our dance

Throw my ashes into the wind
Closer to the end
Throw my ashes into the water
Closer to the end

On the way...
