

Secret Hideaway

Deine Lakaien

Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you

There are lay tonight
A night so quiet
No more a abandoned
As they had been

See them lying tonight
Oh, so quiet
Enjoy and listen
A tender of silence

Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you

In search of something
Something to dream
No oblivion no
No disappointment

Quiet me and
A grateful you
Believe in me it is
It's really true

Secret hideaway, don't want to leave us now
Secret hideaway, we are about to tell
Secret hideaway, we share your visions too
Secret hideaway, that is what we will do

Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you
