

## Lost Forever

Deinonychus

It's raining outside...  
Staining this black coat, but...  
You wouldn't know...  
A cold and Grey sky  
Drowning all my tears but...  
Your eyes are closed...

No... No...

Every minute seems like a lifetime  
The past is slowly killing me...  
Never will this leave my mind  
I'm haunted by the memory...

No... No...

This is a bitter loss for me
