## **Lost Forever**

## **Deinonychus**

It's raining outside...
Staining this black coat, but...
You wouldn't know...
A cold and Grey sky
Drowning all my tears but...
Your eyes are closed...

No... No...

Every minute seems like a lifetime The past is slowly killing me...

Never will this leave my mind

I'm haunted by the memory...

No... No...

This is a bitter loss for me
