

# On My Own

Dej Loaf

Did it on my own, didn't need nobody  
Came up on my own, didn't need nobody  
Got it out the mud, didn't need nobody  
One thing about me, nigga, I don't owe nobody  
Did it on my own, didn't need nobody  
Came up on my own, didn't need nobody  
Got it out the mud, didn't need nobody  
One thing about me, nigga, I don't owe nobody

They say who the realest? I don't hear nobody  
Watch how you're speaking on me, get hit with this shotty  
I got some shooters in the back, they're off them mollies  
And I ain't tryna act tough, I'm really bout it  
I don't want that boy, I'd rather have his daddy  
One thing about me, ain't none of these niggas had me  
I'm consistent with this shit, I make my own flips  
I write my own flows, I whip my own shit  
Boss slave, got levels, Ballys on the pedal  
Switching lanes, blowing kisses at you fucking devils  
Grinding hard for this shit, niggas know me better  
Don't be a bitter nigga, go and get your shit together

Did it on my own, didn't need nobody  
Came up on my own, didn't need nobody  
Got it out the mud, didn't need nobody  
One thing about me, nigga, I don't owe nobody  
Did it on my own, didn't need nobody  
Came up on my own, didn't need nobody  
Got it out the mud, didn't need nobody  
One thing about me, nigga, I don't owe nobody

Tell all these niggas if they want this money  
They gon' have to take it from me  
Working hard, paper on me like a mummy  
Thumbing through that cheque, got me feeling like a junkie  
Said, "they gon' love me 'fore it's over with"  
They gon' love me 'fore it's over with  
These bitches hoping that I'm gonna quit  
But I ain't stopping till it's over with  
Love life live, my niggas doing biz  
I'm just out here tryna get it, that's the way it is  
Feeling like a boss, so I employ my friends  
Real niggas bar together, fuck fake friends

Did it on my own, didn't need nobody  
Came up on my own, didn't need nobody  
Got it out the mud, didn't need nobody  
One thing about me, nigga, I don't owe nobody  
Did it on my own, didn't need nobody  
Came up on my own, didn't need nobody  
Got it out the mud, didn't need nobody  
One thing about me, nigga, I don't owe nobody
