I'm Afraid I Forgot The Feeling

Del McCoury

I never thought the day
Would ever come around
When you would do me wrong
And let me down
Now your old memory
Is all that I'm tied to
I'm afraid I forgot the feeling
That I have for you

I'm afraid I forgot the feeling
That I had for you
Seems you just put me down
No matter what I do
When you know I need your lovin'
Just to se me through
I'm afraid I forgot the feeling
That I had for you

They say that love's a losing game
And I know it's true
I played that game and lost
The day that I met you
You broke my heart one time
Now you've made it two
I'm afraid I forgot the feeling
That I had for you

Sometimes I think
I'd like to have you back again
When that old lonesome feeling
Starts creepin' in
But I know I've had enough
Of that old feelin' blue
I'm afraid I forgot the feelin'
That I had for you
