Same Kind Of Crazy

Del McCoury

Did you ever meet somebody That likes all the same things you do Somebody who can make you Or break you anytime they want to I met her at a red light Love at first sight can this be true She's good for me and She told me I was good for her too Now I don't want to jump into anything I've been trying to use some self restraint But man she's the same kind of crazy as me

Wild wild nights Chasin' each other through the moonlight My, my, my I finally got something right Cause every little offbeat move she makes Suits me to a tee You know what I'm saying She's the same kind of crazy as me

It's getting hard to use a ladder Cause I keep climbing down just to kiss her And if she's out of sight For a minute or two I start to miss her We stay all tangled up in each other's arms And it's so nice She talks in her sleep And she always get my name right If there's anything al all That's wrong with her It something that I can't see Ain't no doubt about it She's the same kind of crazy as me
