

Cheap Love

Del Shannon

There you are standin' with those teardrops in your eyes
Tellin' me you're sorry for things you've done
I've heard that same old story so many times before
I know what you're doin' and I know where you're stayin' at night

I don't want your cheap love
I don't want you comin' around
Don't you know that you're cheap love
Someday it's gonna tear you down
Down, down, down, down, down, down, down, down

Here I am waiting like a fool I've always been
Hopin' maybe someday you will change
The same old lies you tell me are the same old lies you live
I know what you're doin' and I know where you're sleepin' at night

I don't want your cheap love
I don't want you comin' around
Don't you know that you're cheap love
Someday it's gonna tear you down
Down, down, down, down, down, down, down, down

I don't want your cheap love
I don't want you hangin' around
Don't you know that you're cheap love
Someday it's gonna tear you down

I don't want your cheap love
I don't want you comin' around
Don't you know that you're cheap love
Someday it's gonna tear you down
Down, down, down, down, down, down, down, hey
