

# Misery

Del Shannon

When your with somebody new Mi-i-isery.  
Doin' things we use to do Mi-i-isery.  
I remember every kiss we used to share.  
It's hard to believe that you don't care.  
When I turn around and you're not there.  
When I turn around and you're not there.  
Misery Oh Misery

When I sit alone at night Mi-i-isery.  
How I long to hold you tight Mi-i-isery.  
If this is the price I have to pay.  
I don't want to live another day.  
I just can't go on this way.  
But I just can't go on this way.  
Misery Oh Misery.

When your with somebody new Mi-i-isery.  
Doin' things we used to do Mi-i-isery.  
I remember every kiss we used to share.  
It's hard to believe that you don't care.  
When I turn around and you're not there.  
When I turn around and you're not there.  
Misery Oh Misery
