

# I'll Reach You

Delain

Remember when you walked out into the rain  
The railroad and the sky were calling your name  
Can you hear them whisper:  
"Come and get lost with us"  
You've been chasing shadows in your hometown  
You searched for answers that refused ever to be found  
So you compromised and found a new horizon  
Ever since you left you're always on my mind

So here's to you if you care to listen  
Here's to you, let me cross the distance

Even if you're not here  
I'll reach you, I'll reach you  
Even though you're away, I'm near  
We'll forgive and forget  
I'll reach you

Seven years and seven days you've been gone  
Seven years of changing faith and opinion  
Would you recognize me  
If you walked beside me?  
I would keep on waiting  
It's been too long

Here's to you if you care to listen  
Here's to you, let me cross the distance

Even if you're not here  
I'll reach you, I'll reach you  
Even though you're away, I'm near  
We'll forgive and forget  
I'll reach you

Even if you're not here  
I'll reach you, I'll reach you  
Even though you're away, I'm near  
We'll forgive and forget  
I'll reach you

I'll reach you...
