Invidia

My achievements seem so humble While you're making wine from water While my hands work the cold soil All you touch turns into gold

And I don't want to be like you I don't want to be like you It seems like you outrun me every time I don't want to be you Why can't I erase you from my mind

All the heroes in the gutter Finally get their ever after As they lay their final glance Upon your ever shining armor And I don't want to be like you And I don't want to be like you I don't want to be like you It seems like you outrun me every time I don't want to be you Why can't I erase you from my mind

Looking from a distance, the difference seems so small Has the grass been greener on the other side at all?

I don't want to be like you I don't want to be like you It seems like you outrun me every time I don't want to be you Why can't I erase you from my mind Delain
