

## My Masquerade

Delain

Your face, my face  
You breathe, I breathe  
You fail, I fake  
I pray, I pray...

You lose, I lose,  
You bruise, I bruise  
I hunt, you stay  
My prey, My prey

My Masquerade  
If you're not afraid  
To take a step into my world

A ball, tonight  
Cover your eyes  
By touch and taste  
We'll find our way

Your secrets deep  
Yes I will keep  
I hunt, you stay  
My prey, my prey

My Masquerade  
If you're not afraid  
To take a step into my world

Take of your mask  
And you will see  
The freak in you  
The freak in me  
Tonight we hide  
From judging eyes  
We'll dance until the sunrise
