

Jet Lag

Delays

Let's go swimming in the morning
Let's go swimming in the morning
Let's go swimming in the morning
let's go swimming

There's all these hours in the day
And we are, we are,
Around to let them get away
We are, we are
I hit my back against the wall
I stumbled down I took a fall
I bet you are, I bet you are
I starved a cold I fed the flu
I'm on my feet I feel brand new
I bet you are, I bet you are
Let's go swimming
In the morning
Goodbye my friend, this is the end
Goodbye my friend, this is the end
We are all dream, I'm sorry I let you down
We are all dream, I'm sorry I let you down
Let's go swimming in the morning
Goodbye my friend,
This is the end
