

Love Made Visible

Delays

Love made visible
Your skin feels incredible
Wrote your name in graffiti on the wall

Love made visible
Your skin feels incredible
Wrote your name but all my words are gone.

Love made visible
The truth is unstoppable
Touch your hand in the blue of the swimming pool.

Love made visible
The truth is unstoppable
Touch your hand but all my words are gone.

I found you in summer
When you were undercover
Not hiding,
Just shadowed
And burning brightly now.

Love made visible
Your skin feels incredible
Wrote your name in graffiti on the wall.

Love made visible
Your skin feels incredible
Wrote your name in graffiti on the wall.

Love made visible
The waves are unbreakable
Holds you up, lets me float to the shore.

Love made visible
The feat is impossible
Make a move but all my words are gone.

I found you in summer
When you were undercover
Not hiding,
Just shadowed
And burning brightly now

Love made visible
Your skin feels incredible
Wrote your name in graffiti on the wall

Love made visible
Your skin feels incredible
Wrote your name

But all my words are...
Love made visible
Your skin feels incredible
Wrote your name in graffiti on the wall
