

Plain Old Makin' Love

Delbert McClinton

Walk with me down to the corner
Let us buy us a bottle of wine
Tell me anything you want to, baby
We got plenty of time

Tell me 'bout the secret
Of the evermore risin' sun
You gon't have to know English, baby
You can tell me in an unknown tongue

I just can't get over just plain old makin' love
I can't get over just plain old makin' love

I hear that phone a'ringin'
I swear I believe I do
Oh, what a beautiful sound it makes
Let it ring on for you and me

Take off you shoes and set 'em by mine
Your five and a halves just love my nines
Whoa, baby, you mystify me
You know this canine is just a dog down deep

I can't get over just plain old makin' love
I can't get over, oh, plain old makin' love

Take off your shoes set 'em by mine
Your five and a halves just love my nines
Whoa, baby, you mystify me
You know this canine is a dog down deep

I can't get over just plain old makin' love
I can't get over plain old makin' love
