

Stir It Up

Delbert McClinton

Stir it up, little darlin',
Stir it up, oh, yeah
Stir it up, little darlin'

It's been a long long time
Since I had you on my mind
Now you are here, it's so very clear
There's so much we can do
Just me and you

Come on, stir it up, little darlin'
Stir it up, oh, yeah
Stir it up, little darlin'

I'll push the wood, light the fire
Oh, I'll satisfy your heart's desire
I will stir it every, every minute

All you have to do, girl is
Stir it up, little darlin'
Stir it up, oh yeah
Stir it up, little darlin'

I said I'll push the wood, light the fire
Oh, satisfy your heart's desire
Girl, I'll stir it every, every minute

All you have to do
Stir it up, little darlin'
Stir it up, little darlin'
Stir it up, little darlin'
Stir it up, little darlin'
Stir it up, little darlin'
