

# Too Much

Delbert McClinton

Too much, Too much  
We've already taken to much  
Everybody's gonna have to give some  
Or He's gonna give us up.

Take a look at the city  
They're all pretty much the same  
They all got something called downtown  
They all got a street called Main.  
They all got lots of people  
They all got lots of names  
They all got different faces  
And they're all playing different games.

Too much, Too much  
We've already taken too much  
We gonna have to open up our heart's just a little  
If we ever gonna get in touch.

Lord God it's a pity  
Ain't nothin' but a cryin' shame  
Everybody wants to take glory  
But nobody wants the blame  
Now when your journey's over  
And you're stading before the Man  
How you gonna look Him in the eye  
and say, Lord I done it all in Jesus' Name.

Too much...
