## Watchin' The Rain

## **Delbert McClinton**

I spent a lot of time in the past Kissin' other people's ass But now I'm where I wanna be Sittin' here watchin' the rain

Took off my shoes and dumped out the rocks Got all my snakes back into the box Now I'm where I wanna be Sittin' here watchin' the rain

It's a crime to spend your time tryin' to comply When the best you're gonna get if you're lucky is to just get b Y

I finally made some money and that's good The price I had to pay was rude But now I'm where I wanna be Sittin' here watchin' the rain
