

You Gonna Miss Me

Delbert McClinton

You gonna miss me
all through the lonely night
You gonna miss me
all through the day
You may wonder for a long time
Oh, why, did you drive your man away.

You packed my bags, and tell me I'm leavin'
Say I've laid around too long
You givin' up on love now darlin'
'Cause we both been doing wrong.

But you gonna miss me, babe
all through the lonely nights
You gonna miss me
all through the day
You may wonder for a long time
Oh why, did you drive your man away.
Oh why, did you drive your man away.

You wanna change the situation
Tell me I'll just have to go
But that won't make it better baby
That lonely feelin' gonna get so cold.

You gonna miss me
all through the lonely nights
You gonna miss me
all through the day
You may wonder for a long time
Oh why, did you drive your man away.
