

# Lost And Found

Delerium

I really wanted to go  
It hurt me too much to stay  
I run away so fast  
That my heart couldn't find a way  
And then you came along  
And I was tired of my sadness  
It seemed as though my life went on  
But the feeling didn't last

And then you came along  
And then it's gone  
Saving my life from going on (lost and found)  
Thinking of what else you could have done  
It wasn't meant to be (lost and found)  
Holding on to everything that's gone  
Saving my life from going on (lost and found)  
Thinking of what else you could have done  
It wasn't meant to be (lost and found)

I was back on my feet  
You could say I was barely walking  
But the cut was deep  
And I was holding on to the past

He had stolen my illusions  
And I needed them so badly  
I grew tired of my confusion  
'Cause he was still there  
Everywhere (everywhere)

You came along, and I was lost and found (lost and found)  
Lost and found, my life went on, but I was lost and found  
You came along when I was stuck in the past  
There was a new life in sight  
But I was blind  
It wasn't meant to be
